BOXER SILENT IN KILLING OF 6

Implicated in Seattle's Mass Murder by Confession of Waitress

SAYS EASY MONEY SOUGHT

Detective Attaches Significance to Admissions Made by Woman

By The Associated Press

SEATTLE Oct 25—Defiant and close lipped Leo Hall 33 a former boxer resisted questioning concerning a mass murder mystery today after authorities said he had been implicated in the crime by the confession of a woman

Sheriff William B Severyns said Mrs Larry Poulos 28-year old beer parlor waitress who signed a confession accusing the dry dock worker of slaying six persons at a gay house party on Erland point in March 1934

The alleged confession said Mrs Poulos and Hall masked and wearing gloves entered the Frank Flieder home in quest of easy money and after the six people in the house were robbed the victims were killed so they couldn't talk

He Remains Stoical

Through the night of questioning Hall maintained his stoical attitude

Hall seems to have a lot on his mind said Detective Capt Linest Voris of the Seattle homicide squad We have a lot of corroborative evidence for Mrs Poulos statement.

Earlier in the evening O K Bodle chief criminal deputy sheriff had declared We have the man beyond a doubt and we don't care if he never confesses

Hall was arrested Wednesday at Portland Ore on a charge of carrying concealed weapons

The victims in the Erland's point tragedy some beaten some shot and one stabbed were Mr and Mrs Flieder and their guests Magnus Jordan and Ezra M (Fred) Bolcom The statement put the robbers slayings on the night of March 28 1934

Trussed Up Victims

Mrs Poulos in her alleged confession said she trussed up the victims but fled after she saw Hall come out of Mrs Flieder's bedroom with blood on his clothes and—armed with a knife—take one of the men into another room She said Hall shot at her as she fled

At one point in the statement the waitress said she had seen Hall two or three days after the robbery and that Hall told me he had killed them all

At another point the woman was quoted as saying Hall had threatened to kill her if she disclosed any information and that he would prove that I killed one of them

Mrs Poulos has been questioned at various times concerning the mass murder and as recently as two weeks ago denied knowledge of the killings

By The Associated Press

WASHINGTON Oct. 25—Selection of members of the United Mine Workers of America to be the sole labor representatives on the 23 district price-fixing boards being set up under the Guffey coal act had the approval today of the national bituminous coal commission.

DUTCH SCHULTZ WIDOW QUIZZED AFTER HE DIES

Police Book Her as Material Witness in Slaying of Gang Leader and Three Aids

VICTIM PROVIDES NO CLUES

Chauffeur Succumbs Following Death of Racketeer's Two Bodyguards

By The Associated Press

NEWARK N J Oct 25—Newark police held the young widow of Arthur (Dutch Schultz) Flegenheimer today in the hope she can supply some clue in a sweeping search for the assassins of the gang chieftain and three henchmen

The 21 year old woman Mrs Frances Flegenheimer was booked as a material witness last night less than three hours after Schultz died of the wounds inflicted by rival gang bullets

The racketeer himself one of the last of the bigtime underworld leaders who became notorious during the prohibition era gave the police no help He died at 8 35 p m yesterday in City hospital

Chauffeur Dies Too

Bernard Rosenkrantz Schultz's chauffeur and one of the quartet mowed down in a cafe gun battle Wednesday night died early today

Otto Berman and Abraham Landau pallas Leo Frank the other members of Schultz's party preceded their leader in death

Martin Krompier who met a hail of bullets in a New York barber shop about two hours after the Newark shooting was in a critical condition in a New York hospital

New York detectives pressed their search for Albert Stein 21 year old mobster suspected of several recent killings in the outbreak of gang warfare in the metropolitan area

Charles Luciano described by New York officials as the most powerful gangster in Manhattan also was sought for questioning

Believed Control War

Police believed the attempt to wipe out the Schultz gang was a move of rival mobs to gain control of rackets estimated to produce as much as $100 000 000 a year in revenue in the metropolitan district

Deputy Police Chief John Hallen of Newark after ordering Mrs Flegenheimer held in the women's jail at police headquarters overnight said the widow would be questioned on apparent discrepancies in what she has told us

We were not satisfied her story of her movements is correct Haller said adding that she admitted she talked with Schultz in the East Park street tavern an hour before the gun battle

ETHIOPIANS FLEE UNDER AIR ATTACK

Scurry to Cover as Planes Drop Bombs and Anti Aircraft Fire Proves Futile.

BY ANDREW BERDING
Copyright 1935 Associated Press

ASMARA ERITREA 12 15 p m Oct 24—Count Calenzzo Ciano gave me a graphic demonstration today of how Italy's modern aerial warfare works against the more primitive ground tactics of the Ethiopians

While bullets from below whizzed harmlessly past the ironing planes the Italian pilots dropped bombs and scattered the Ethiopian warriors in every direction during a flight far past the advancing Italian lines on this northern front.

With seven others I flew with Il Duce's son in law and his desperate aerial squadron straight out of Asmara over Aduwa to Makale and 30 miles ahead in the Italian's search for enemy concentrations

Count Ciano plunged his plane toward the earth frequently at suspected concentration points of the Ethiopians who were hiding in the bush of the Makale region about 60 miles southeast of the most advanced points of Italy's northern army

Whenever observers spotted large groups of natives concealed at any certain point, the squadron roared into nose-dives and the machine guns blazed

Although puffs of smoke indicated we were being fired upon by rifles from the ground when the aircraft levelled off and the Italians loosed their bombs I could see Ethiopians fleeing on all sides

Our squadron was the target for fire both as we passed Makale to the west and as we returned from the four-hour reconnaissance flight.

At the start, we flew above thousands of shacks housing workmen in the new country being conquered by Italy, but we lost sight of these mushroom signs of the work party on the front soon after passing the Marob river.

SALES TAX DIVISION CUTS FORCE BY 110

Men From This Area Among Those Let Out To Meet Sherrill Recommendation.

Several employes of the state sales tax division in nearby counties were among 110 employes dismissed by the state tax commission yesterday in line with recommendations of the Sherrill state government survey, The Associated Press reported.

The dismissals are effective Nov. 1. It is expected the dismissals will result in an annual saving of $275,000. The dismissed persons were among those the civil service commission contended were unnecessary, those who failed in recent civil service examinations, those who refused to take the examinations, and 49 who, although they passed the tests, were so far down on the eligible list that they could not be appointed for some time.

Among those dismissed is Fred E. Weldaw of Upper Sandusky, in taxing district No. 2, which includes Hardin county, Clarence McCray and Kennedy Beach were among those dismissed. Joseph B. White, Baxter C. Sharp and William Weig of taxing district No. 9, which includes Crawford and Wyandot counties, also were dismissed.

To every home in Marion this week goes a ten-ounce gift package of Georgie Porgie Cereal—the cereal that contains all five principal vitamins plus minerals.

SPAGIANI ASKS ANOTHER TRIAL

Evidence Insufficient for Second Degree Murder, Is Assertion in Motion

Dominac Spagiani found guilty of second degree murder by a jury for the dime debt slaying of Jess Yoder late yesterday filed a motion for a new trial in common pleas court, through his attorney Fred W Warner

Spagiani in the motion asserts the evidence was insufficient to warrant a verdict carrying life imprisonment, and charges nine instances of error in his trial Tuesday and Wednesday

Judge Hector S Young, is expected to hold a hearing on the motion within the next few days If he overrules the motion Mr Warner said the case will be carried to the third district court of appeals on error The petition in error will charge there was insufficient evidence to warrant the verdict Mr Warner indicated

The jury after deliberating from 12 05 p m Wednesday until 12 30 yesterday morning returned a verdict of guilty of murder in the second degree

The fatal shooting of Yoder took place in the early hours of the morning of Aug 4 at the Spagiani residence on Kenton avenue The shooting followed a quarrel over a dime debt in a poker game Spagiani claimed in his testimony at the trial that he shot in self defense after Yoder attacked him and had him on the floor

According to the motion he filed for a new trial Spagiani believes the court erred in refusing to direct a verdict at stated times As his first reason for requesting a new trial the convicted man charges the evidence introduced at the trial is insufficient to warrant return of a verdict of murder in the second degree

The instances of alleged error listed constitute the other eight reasons as follows

1—Error on the part of the court in refusing to direct a verdict of acquittal at the termination of the evidence introduced by Prosecutor Paul D Michel representing the state of Ohio

2 Error in refusing to direct a verdict of acquittal as to murder in the first and second degree at the termination of the states evidence

3 Error in refusing to direct a verdict of acquittal at the close of all evidence

4 Error in the refusal of the court to direct a verdict of acquittal as to murder in the first and second degree at the close of all evidence

5—Error in allowing introduction of evidence over the objection of the defendant

6—Error on the part of the court in refusing to permit introduction of evidence over the objection of the defendant

7—It is charged the court should have submitted a verdict for the conviction of the jury carrying a penalty of assault and battery and assault

8 The last reason given for the request for a new trial states because of other errors apparent upon the face of the record

SAVINGS BANK ROOM RENTED

New Loan Company To Take Over Quarters on North Main Street.

Changes in location affecting the Merchants' Loan Co. and the office of T. A. White, state liquidating agent for five Marion county banks, were announced today in connection with the remodeling and redecoration of the Marion Savings bank room at 126 North Main street.

The Merchants' company, now located at 176 West Center street in the Palace theater building, will move into the bank building about Nov. 1. Mr. White's liquidating office has been moved to 132 North Main street, two doors north of the Marion Savings bank, where it has been located.

Both the interior and exterior of the bank building are being completely remodeled and will be decorated along modernistic lines. L. L. Miller of 521 East Church street, manager of the Merchants' company, announced today that a special date will be set and a program arranged for a formal opening in the new quarters. Mr. Miller also announced that a local office for Securities, Inc., a subsidiary of the Merchants' Finance Co., with main offices in Toledo, would be opened in connection with the Merchants' office, both companies doing a general loan business.

The Merchants' company opened its Marion office about Sept. 1. Miss Leona Nevel of Meeker is a new employe of the company.

Work on the remodeling of the bank building is being done by a Marion contractor, W. P. Conrad.

Mr. White has moved his liquidating office in a newly decorated and remodeled headquarters at 132 North Main street, and will continue there until liquidating of the five banks in his charge is completed. Mr. White is liquidating agent for the Marion Savings bank, the Mutual Banking Co., the Commercial Bank of Marion, the LaRue Bank Co., and the Waldo bank.

A ten-ounce gift package of Georgie Porgie Cereal will be left at every home in Marion this week.

BEERY AND COOPER PICTURE AT PALACE WINS HIGH PRAISE

Guaranteed first class screen entertainment is on tap for Palace theater patrons through Saturday in "O'Shaughnessy's Boy," starring that sure-fire team of Wally Beery and Jackie Cooper. The feature opened its three-day run yesterday.

Remember "The Champ"? Well "O'Shaughnessy's Boy" follows it closely in the father-son theme, and while their latest effort fairly drips with hokum, Beery and Cooper have turned in a swell tear-jerker and this reviewer recommends it highly.

The slight difference in this picture and "The Champ" lies in the background of the story. "O'Shaughnessy's Boy" has the glamorous setting of a great circus to give it zest and added appeal.

"O'Shaughnessy's Boy" is what showmen call the perfect "boxoffice picture." It has everything—drama, laughs, tears and thrills. Unless it was in "The Bowery" I don't think I have ever seen the Beery-Cooper combination as appealing. As a headline animal trainer with a big time circus who is inclined to brag and strut when things are right Beery is excellent. Jackie Cooper as a son who hates his father because of fancied ill-treatment of his mother, and who later realizes his mistaken attitude, couldn't miss. The remainder of the cast is relatively unimportant, although Spanky McFarland, Willard Robertson, Sarah Haden, Leona Maricle and Clarence Muse are competent in their roles.

Michael O'Shaughnessy, known on the circus lot as Windy, is a headline animal trainer who, with his neurotic wife, who is a trapeze performer, is trying to raise his baby son in the spangled atmosphere of a big time circus. The intensely disagreeable sister of the wife has poisoned her mind against her husband, and the women take the kid and leave the circus while Beery is on a "celebration party" given by his boss. It is here the heart wallops begin.

The father's world has crumbled. With his nerve gone, he tries to go ahead with his act and a tiger chews off his right arm. Down and out he learns several years later that his wife was killed in a trapeze accident while appearing in vaudeville and his son is in a military school.

A court order restores the boy to him for the summer vacation months, and he brings him back to the circus.

A color musical short, a color cartoon and a war newsreel are added.—G. H. M.

Your Health

BY DR. R. S. COPELAND

Exercising.

EXERCISE SERVES not only to maintain physical fitness, but also it helps to overcome many conditions of ill health. It should not be practiced in the summer months only. A certain amount of daily exercise should be obtained all year round. Certainly this must be the rule if good health is to be maintained.

Unfortunately, many who live in large cities like New York and Chicago lead senentary lives most of the time and especially in the winter. The thought of systematic exercise never occurs to them; they are "too tired" or the weather is "too cold" to venture outdoors.

Physical activity of some kind must be engaged in during the cold weather if the body is to function properly. Exercise in the cold air is exhilarating. During the fall and winter months walking, hiking, horseback riding, football, ice skating, skiing, sledding and other outdoor games afford healthful exercise and likewise pleasant recreation.

For the tennis enthusiast, swimmer, handball player and even golfer, there are indoor facilities for continuing these activities during the cold weather. But it is very important that we get some kind of regular exercise in the open air.

Walking is the cheapest and yet in many respects the very finest form of exercise. When done in proper fashion it is of greatest value. Hold the body erect with chest thrown out. Take long, deep breaths so as to fill the lungs with good fresh air. This will help to purify the blood.

Bear in mind that deep breathing of fresh air is an exercise in itself. It does wonders to the chest muscles. It is a good idea to take setting-up exercises before an open window. This procedure has become exceedingly popular during the last few years. It is a practice beneficial to health.

Every one needs exercise. But the type and amount must be governed by the health of the individual, his age, the nature of work he does, etc. Always the chosen exercise should be a pleasure, not a burden. To engage in exercise in the open air, let me repeat, is the best way to get it.

Exercise, no mater what form it takes, should never be carried to the point of undue fatigue. Harm may be done by over-strenuous activity. That is why there should be proper supervision of athletics. No one should indulge regularly in any severe form of exercise without first having a complete physical examination.

The condition of the lungs and heart should be carefully checked. I am glad to say that these tests are now a part of the routine in all schools and colleges.

Never subject your unprepared muscles to violent exercises. It is wise to begin moderately and then to follow the program regularly. Persons who have passed the age of 30 or 40 should be careful not to overstrain by taking unaccustomed and strenuous exercises. Take it easy in the beginning.

DAVEY AGAIN FLAYS GOVERNMENT SURVEY

Denounces Plan To Cut Pay of Laborers in Highway Department.

By The Associated Press

COLUMBUS, O., Oct. 25—Gov. Davey criticised the Ohio government survey today for recommending pay reductions for laborers in the highway department.

The executive, renewing a controversy with Herbert N. Laze, chairman of the survey's "row about it" commission, asserted he would never consent to cutting the wages of the laborers.

Laze had asked the governor why more progress was not being made in carrying out the survey's recommendations. Davey replied that some survey reports had "broken faith" with him and that his $3,500,000 in vetoes of state appropriations affect some economies recommended by the survey. Then Laze advised the executive, in effect, that he could not hide behind the vetoes.

Replying to Laze's last letter, the governor wrote that the survey committee's chairman overlooked two facts of importance.

"The first is that you are not in sympathy with my effort to save money for the taxpayers of Ohio by the use of veto power, notably Ohio State university," the governor said.

"Second, you do not seem to understand the constitutional limitations on the use of the veto power."

He said the survey proposed to save $1,000,000 by cutting the pay of highway laborers from 50 to 40 cents an hour.

"In other words, you are willing to take it out of the poor laborers and give it to the extravagantly managed (Ohio State) university," Davey added.

"Here is $1,100,000 that you can cross off your list of proposed savings at the beginning. There are many valuable suggestions in the Sherrill committee reports. My own action committee has been working to apply the largest possible number of these recommendations that are workable."

ROOSEVELT PLEADS FOR WELFARE FUNDS

(Continued from Page One)

his appeal for generous giving in connection with the mobilization movement, sponsor of community chest drives in 350 cities.

"Why, you may ask, if the distress and the unemployment are less, should the giving be greater," he said. "The answer is two-fold: First of all, it is, I know, your hope and mine that the necessities of government relief furnished by funds received by taxation should decrease as rapidly as human needs will allow.

"But the other reason is of deeper significance, greater importance. There are, as you and I know, hundreds of thousands of men, women and children who require the kind of assistance that private charity and not government should give.

"There still remains and will long remain, a sadly digressed segment of our population destitute and unprovided for."

He spoke of the poor who need medical care undernourished children, of the needs of private hospitals and homes for the aged, ailing and incurable. These, and other welfare agencies, he said, "must and should expand their splendid work."

"But we do want to emphasize the word 'work'," he said. "Neither private charity nor government relief wants to continue to help people who can work but who won't work."

WALKER AND WIFE SAIL FOR NEW YORK

(Copyright, 1935, By The Associated Press)

SOUTHAMPTON, England, Oct. 25—Jimmy Walker, his chin held high and the old light of battle bright in his eyes, sailed for home aboard the S. S. Manhattan last night, ready and eager to face what he called one of the greatest ordeals of his stormy career.

Thus he started back to Broadway and the comeback trail brimming with health after his three-year "self-imposed" exile abroad, where he lived in a quiet old English cottage or visited continental spas.

A live, trim figure in a blue serge topcoat and a felt hat, New York's former mayor strode quickly through the crowded pier sheds with Mrs. Walker, the former Betty Compton, on his arm.

Walker, now crowding 35, appeared as jaunty as in the days when he took New York by storm a decade ago.

STAGE PLAY WINS IN CHICAGO COURT

Judge Restrains City from Barring "Tobacco Road"

By The Associated Press

CHICAGO, Oct. 25 — Federal Judge William H. Holly issued a temporary order yesterday restraining the city of Chicago from interfering for 10 days with the production of "Tobacco Road," a play closed Monday at Mayor Edward J. Kelly's order. Judge Holly said:

"I feel that the federal court should hesitate in setting aside the order of an administrative officer. Therefore, I felt it my duty to examine the play and decide from the script if it is indecent.

"I read the play and do not find it is indecent or obscene.

"We must consider the customs and manners of the times. Take the bathing costumes, for instance. Persons wearing present day bathing costumes would have been punished in other times, but are not punished today.

"I find that profanity is used in the play, but this seems to be customary now and is accepted by the best people."

ISALY BROTHERS CO. TO BUILD PLANT

Expansion Plans of Columbus Firm Reported.

The Isaly Brothers Co., Columbus firm manufacturing and selling various cheese products, is planning construction of a $150,000 manufacturing plant in North Columbus, news reports from that city today stated.

Charles H. Isaly, head of the Isaly Dairy Co. of Marion, said he expects to be interested in the company planning the plant when it is organized formally, but that no announcement of definite plans will be made until the company is formed.

It was reported in Columbus the company would establish 20 new distributing stores in that city and add 400 persons to its staff.

COUNTY IS READY TO TAKE OVER LOAD

(Continued from Page One)

to care for the relief load several months.

The bonds will be retired from the public utility excise tax, according to information obtained from the state tax commission. The county has a right to issue such bonds up to the stated amount under section two of house bill No. 561. After the $67,770 is exhausted the issuance of any more bonds would require a vote of the people, Chairman Weiss said.

Present Load

There are now 2,079 persons on county relief rolls, of which 672 are unemployables, John Abel, Marion county relief director, reported. This figure represents a slight increase over that made public by Mr. Abel Oct. 2. On that date there were 2,015 persons on relief. Mr. Abel said today there are now 470 relief clients at work on works progress administration projects, as compared with 347 at work Oct. 2.

The increase in the relief load over the load of Oct. 2 is due to reopened relief cases where some clients, who had been temporarily employed, have been taken back on the rolls, Mr. Abel explained. He said this slight fluctuation in the number is common.

Strides the government and private industry have made in putting men back to work since the first of this year are indicated by a comparison of the peak relief load in Marion county, reached last February, with the present load. The load since February has been reduced by 1,210 persons, there being 3,025 on relief rolls at that time, as compared with 2,015 listed today.

Of the 2,015 persons, 1,403 are employables. Mr. Abel said it is expected these employables will be absorbed by the government works program by Dec. 1, and the load to be shifted to the county will number slightly more than 600, being those who are classed as unemployables. In September the country filed a program of 76 WPA projects calling for an expenditure of $1,259,568 in federal funds. While only a few of these have been approved by the government, works officials in Washington and Columbus have given assurance that enough projects will be released within the next month to absorb the entire load of employables.

Payrolls Held Up

Meanwhile Mr. Abel has not yet learned what amount of federal money will be allocated to Marion county in November for the care of relief clients. "We usually have our relief payments for the first half of the month to follow filed in Columbus by this time of the month," Mr. Abel said, "but I have been instructed not to make up my payrolls until notified by state relief headquarters." Whether further cuts in relief money are in order for November, Mr. Abel could not say. The allocation to this and other counties has been drastically reduced month after month since the early part of the summer. Federal funds allocated to Marion county for relief purposes this month totaled $44,420, as compared with the peak amount received for any one month, $79,500, which was granted one month last spring.

The first step to do away with all direct relief was taken by the federal government several weeks ago with the closing of all transient bureaus in the United States. The bureau here was closed Sept. 21. Following that step the government set Nov. 1 as the date for liquidation of the direct relief set-up in Ohio. On Oct. 16 the government, because of the slowness in getting the huge WPA program under way, announced that direct relief would be extended to Dec. 1. Relief Administrator Harry Hopkins, upon his return to Washington, declared that on Dec. 1 the federal government will step out of the direct relief picture, and that all relief clients not working on WPA projects or other government projects at that time will be shifted to the states and counties.

SURVEY DENOUNCED AND ALSO DEFENDED

Sherrill Says It Should Be Made Permanent; Aid for Aged Group Criticizes.

By The Associated Press

COLUMBUS, O., Oct. 25—An expressed hope for permanence of the Ohio government survey followed today with a sharply critical analysis of its report on the division of aid for the aged.

Col. C. C. Sherrill, general chairman, declared in a letter to Herbert Taft, editor of the Cincinnati Times Star:

"Unless this movement is made permanent, the recommendations of the survey will undoubtedly be tabled and the taxpayers of Ohio will lose the value of the large contribution made to their welfare by the business interests of the state."

Employes of the division of aid for the aged, with the approval of Henry J. Bernstein, director, said in their analysis that "the conclusion is irresistible that no reliance can be placed upon any of the recommendations except that of an increase in salaries."

Reporting on the division, the survey asserted waste and inefficiency were rampant in administration and suggested possible savings of more than $4,000,000 by "administering aid for the aged as well as it is done in New York state."

STATE JOB BUREAU HEADS TO MEET HERE

(Continued from Page One)

they will be in Marion Saturday to take part in the conference and social program scheduled for the evening. Among state officials who will be present are O. B. Headquarters for the directors and those at the meeting will be at Hotel Harding, and with the exception of the general conference at the Eagles' building, virtually all the activities, business and social, will take place at the hotel. Conferences among directors will be held during the afternoon in the Presidential suite at the hotel, and a social hour preceding business meetings will be in the blue room on the mezzanine floor.

FOUR ARMIES READY TO CLASH IN AFRICA

(Continued from Page One)

Italo-Ethiopian crisis. The king cited that his government had exerted every effort to obtain peace.

Rome, like Addis Ababa, appeared to be only faintly interested in peace moves. Premier Mussolini put up to Great Britain the next move in the negotiations for peace in east Africa and gave in Europe by recalling 15,000 troops from Libya, the Italian colony bordering Egypt.

Olive Branch Offered

There was a Paris account that said Mussolini, holding forth a tentative olive branch, was ready to concede Britain's right to mass its fleet in the Mediterranean even though he has ordered some of his soldiers to return from Libya; and that under some conditions he was ready to order a stop to his military operations against Ethiopia.

The move was regarded in Rome political quarters as the first definite break in the tension which has gripped the Mediterranean area since Britain dispatched its powerful fleet through the Straits of Gibraltar.

U. S. Not Optimistic Over Naval Parley

By The Associated Press

WASHINGTON, Oct. 25 — Although the United States has accepted Great Britain's invitation to participate in a new naval limitations conference called for Dec. 2, trained observers here were inclined today to be anything but optimistic over the outcome.

Recent sentiment for increased armaments abroad, Japanese demands for naval equality and tenseness in the Mediterranean area were among some of the factors cited by these observers as militating against changes for concluding a new treaty at this time.

VOTE ANXIOUSLY AWAITED BY AAA

By The Associated Press

WASHINGTON, Oct. 25—Visably anxious as they awaited the national corn-hog referendum tomorrow, AAA officials were busy today completing final arrangements for the balloting.

With more than 1,000,000 corn-hog adjustment contracts in effect this year, and with farmers who produce some corn and hogs totaling more than 4,500,000, officials said they expect a heavy vote. Both contract signers and non-signers will vote on the question of whether they favor an adjustment program for 1936.

REHEARING REFUSED KENTON, LIMA CASE

By The Associated Press

COLUMBUS, O., Oct. 25—The state utilities commission refused today to grant the West Ohio Gas Co. a rehearing on the rates it set for Lima and Kenton.

The commission, in September, granted refunds of about $250,000 to Lima and $15,000 to Kenton and set a rate which had prevailed from 1926 to 1932.

Application for a rehearing was made this morning. The commission rejected it immediately.

The utility contended in its petition that the rate order was "erroneous, improper, arbitrary, unlawful and unreasonable."

HUSKING CONTEST PLANS COMPLETED

(Continued from Page One)

plant that has located in Marion.

Winners in the county contest will compete in the state contest Nov. 1 to be held five miles west of Paulding. An innovation in the state contest will be women's competition. An effort was made to set up a women's division in the county contest, but the number of applications did not warrant going ahead with it, Mr. Anderson said.

F. A. Davidson of Grand Prairie township is general chairman of the Marion county contest, and Clifford Stine of Waldo, and Lawrence Kline of Chariton, will act with Mr. Davidson as referees. The committee in charge of teams and gleaners is composed of Kenneth Frayer, Lawrence Kline and Emmett Trout, all of Chariton. Harry Key will have charge of scales and sacks, and Roland L. Leeper, service manager of the county farm bureau, will be timekeeper and starter. Weighmasters are Clifford Stine, Robert Arbenstein, both of Waldo, and Lawrence Kline and Emmett Trout. Judges and scorekeepers are Mr. Davidson and Homer Fortius, assistant to County Agent Anderson. Mr. Anderson is in charge of the premium ribbons.

The standing corn contest last year was won by Earl Spiece of Kirkpatrick, and the shock corn competition was won by Ralph Roesch of Martel. Both Spiece and Roesch are entered this year in the same divisions in which they were winners.

The complete list of entries follows:

Shock corn division — Ralph Augenstein and Dan Miller of Waldo, Elmer Leathem and Ralph Roesch of Martel, and C. Perry of Kirkpatrick.

Standing corn division — Paul Kiefman of LaRue, Earl Spiece, Ira Dieterdick and Paul Lemke of Kirkpatrick, George Smith of Waldo, Curtis Gibson, Walter Nallor, William Lemke and Edward Andrews of Marion, and Ralph Danner and John Hike of Grand Prairie.

EXCESSIVE METEOR SHOWER PREDICTED

By The Associated Press

DELAWARE, O., Oct. 25—Dr. N. T. Bobrovnikoff predicted today an excessive meteor shower in November.

Dr. Bobrovnikoff, acting director of Perkins observatory of Ohio State and Ohio Wesleyan universities, said that more meteors have fallen on the earth this year than in several decades.

Gravitational influences of Jupiter, he said, pulled some meteors out of their course last year and lessened last November's shower.

"But occasional showers this year augur a plentitude of meteors in November," he said.

TWO CHILDREN DIE IN POWDER BLAST

By The Associated Press

SALEM, O., Oct. 25 — Two children died in a hospital here today of injuries suffered when a can of gunpowder exploded at their home near Lisbon. The children, Dyzel Brown, 3, and Kirtland Brown, 2, were horribly burned when flames enveloped them. They were sons of Mr. and Mrs. George Brown.

STOLEN TEAM FOUND ABANDONED IN WOODS

Horses Taken from W. R. Roberts Farm Discovered by Neighbor.

A team of horses stolen Wednesday night from a pasture field at the W. R. Roberts farm three miles east of Marion were found yesterday in a woods about a mile from where they were stolen.

Gene Geissler, deputy sheriff who has been investigating the theft, said he understood a neighbor discovered the horses in the woods and reported it to the owner.

The team was stolen about 10:30 Wednesday night. One of the horses is 12 years old and blind, and the other is around 20 years old. It is believed by authorities that the thief either became frightened and abandoned them in the woods, or discovered after the theft that the team would not suit the purpose for which he had stolen them.

MAN SENTENCED TO TERM IN WORKHOUSE

James Leighty Given 90 Days on Juvenile Court Charge.

James Leighty of Clinton street, was sentenced to 90 days in the Columbus workhouse in juvenile court today when he changed a plea of not guilty to a charge of contributing to the dependency of his minor son to guilty.

Leighty was arrested last week and pleaded not guilty to the charge against him when arraigned before Judge Oscar Gast. He was released on his own recognizance, but was rearrested the next day after he is said by Deputy Sheriff W. H. Willis to have made threats of bodily harm against Judge Gast and other persons.

Leighty was arrested in connection with a series of boisterous parties at a house on Schoenlaub court, one of which was raided last Aug. 23 by Judge Gast and police. In connection with the same case, Mrs. Madeline Leighty and Miss Dorothy Melvin were given 10-day sentences in the county jail.

PRESIDENT PROMISES STAND ON SANCTIONS

By The Associated Press

WASHINGTON, Oct. 25 — A prompt reply was promised by President Roosevelt today to inquiries about the American attitude toward League of Nations sanctions applied in the Italo-Ethiopian conflict.

The President indicated a feeling that there is room for little discretion in the matter of an answer because this government's position is strictly dictated by the neutrality law.

That strengthened the feeling in some quarters that the reply would be used as a vehicle for a restatement of the United States' attitude to keep hands-off. The neutrality resolution under which this country now operates does not permit the application of sanctions like those used by the league.

The President said, however that he would not make the reply to the league's inquiry but that it probably would come from the state department.

As for the naval conference called by Great Britain Mr. Roosevelt said he had gone no further than to say that a delegation would be sent.

COOGAN WILL GET FORTUNE TOMORROW

By The Associated Press

HOLLYWOOD, Calif., Oct. 25 — Jackie Coogan becomes of age tomorrow and into his control will pass the vast fortune which grew from his earnings as the greatest juvenile star of the silent motion picture era.

What the fortune amounts to, exactly, no one knows, except Jackie, his mother and their business manager. A movie colony conservative placed the figure at nearly a million dollars.

"Discovered" by Charles Chaplin, Coogan entered pictures when he was four years old.

FILM STARS' HOMES SAFE FROM FLAMES

By The Associated Press

LOS ANGELES, Calif., Oct. 25—Leaving the Malibu Beach film colony apparently safely behind, a roaring brush fire today swept on down the coastline into a heavily wooded mountainous strip which for 30 years has been regarded as the most dangerous fire menace in Southern California.

Gravest concern was felt as the fire, sweeping southward a mile or so off the coast highway, went out of control.

Lying in its path, over an 18-mile route thick with trees, matted undergrowth and shrubs, are Las Flores, Topanga and Santa Monica canyons, and then the wooded country embracing the fashionable riviera, Brentwood, Pal Air and Beverly Hills.

Members of the exclusive Malibu Beach colony breathed more easily as the blaze changed direction and rushed on southward.

Prominent members of the movie colony who have homes on the beacon watched the battle today. John Boles, Edmund Lowe, Myrna Loy, Leatrice Joy, David Butler, Jack Warner and many others cheered lustily when the back-fire device proved successful.

Charred acres by the thousand, with damages mounting over the $5,000,000 mark and hundreds hurt, none fatally, gave vivid evidence of the most destructive forest and brush fire rampage in recent southern California history.

HOT IRON CAUSES FIRE IN HOUSE

Firemen from station No. 1 were called to the home of B. A. Moore of 602 Cleveland avenue at 4 a. m. today to extinguish a small blaze caused by an over-heated electric iron. The iron which had been left turned on earlier in the evening had burned through an ironing board. It dropped to the floor and was burning the carpet when occupants of the house, awakened by the smoke, discovered the fire. Damage was estimated at $75.

FARMERS HELPLESS AND BLAME WPA

By The Associated Press

URBANA, O., Oct. 25—Champaign county farmers protested today start to work on 23 works progress administration projects.

They advised Roger Proctor, local WPA engineer, that if projects are started indiscriminately in rural districts they would be unable to get their bumper corn crop husked. They said unemployed would rather work on government projects than husk corn.

ROOSEVELT AIMING AT PERMANENT AAA

Says Emergency Phase Must Give Way to "Long Time" Agricultural Aid Plan.

By The Associated Press

WASHINGTON, Oct. 25—President Roosevelt sought today to point the farm program away from an "emergency" application to a "long term" plan, asserting that the latter "is developing naturally out of the present adjustment efforts."

In a statement issued at his first post-vacation press conference, the wind and sun-browned President remarked it was not the intention of congressional framers of the act or administrators of the law to let the AAA be "either a mere emergency operation or a static agency."

"It was their intention—as it is mine—to pass from the purely emergency phases necessitated by a grave national crisis to a long time, more permanent plan for American agriculture," he said.

"As I see it, this program has two principal objectives:

"First, to carry out the declared policy of congress to maintain and increase the gains thus far made, thereby avoiding the danger of a slump back into the conditions brought about by our national neglect of agriculture.

"Second, to broaden present adjustment operations so as to give farmers increasing incentives for conservation and efficient use of the nation's soil resources."

Simplification of present programs would help reach those objectives, he asserted, adding that "decentralization" to get "more efficient administration closer to the farmers already has begun and will be vigorously continued."

"The time may come when the AAA will prove as important in stimulating certain kinds of production as it has been in removing recent burdensome surpluses," he continued.

GRID CELEBRATION ENDS IN DISASTER

By The Associated Press

EATON, O., Oct. 25—Sixteen-year-old Betty Jo Nubet was in serious condition today, physicians said, from a skull fracture suffered as an aftermath to Eaton High school's 18 to 6 victory over Oxford Stewart, yesterday.

The girl, companions said, was one of 10 students who crowded aboard an automobile and visited nearby towns in celebration the event. The six girls, riding the running boards, became chilled and asked the driver to stop while they "changed places" with four inside, witnesses said.

Betty Joe slipped or fell before the car was halted, striking head on the pavement.

GANDER ALWAYS ALONG

By International News Service

NORTHAMPTON, Mass.—Like the little lamb that followed Mary every where she went, "Dick," a gander, is always at the heels of Edmund Lacas, 79, retired mill worker. On his daily trips to town Lacas can be seen followed by "Dick," his chest out and chin in and stepping high like a well drilled German private.

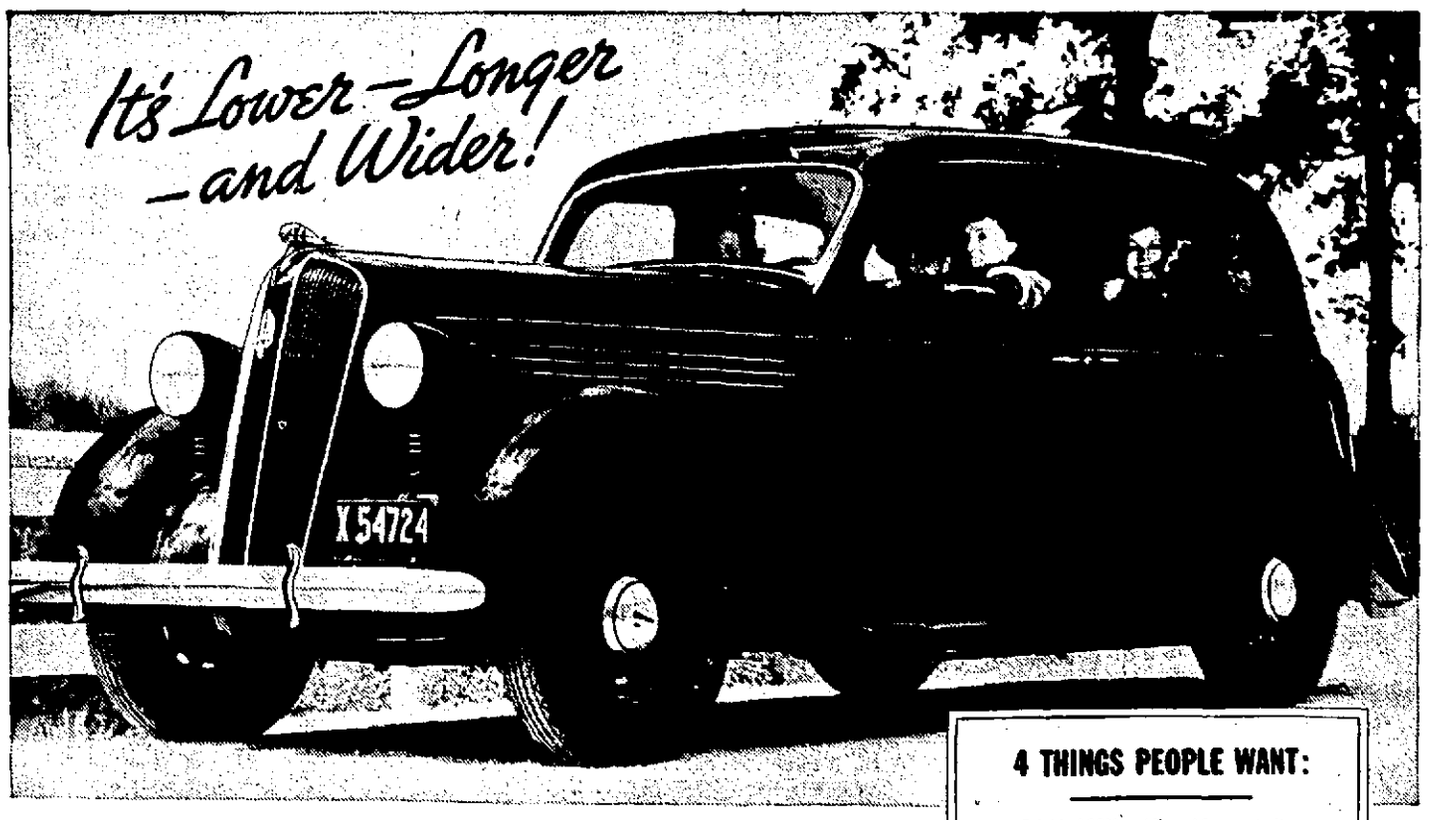
New 1936 Plymouth will be Here Tomorrow



Important Improvements in Ride and Performance

IT'S HERE... the best engineered... the roomiest, most beautiful Plymouth we've ever built. The 1936 Plymouth is again America's most economical full-size car. Evidence indicates 18 to 24 or more miles per gallon of gas... low oil consumption... extremely low upkeep.

Among 40 improvements, the big Plymouth frame has been made 100% more rigid... bodies newly reinforced at five major points.

Eleven new comfort features have been added to Plymouth's famed Floating Ride... inches of extra leg, elbow and shoulder room. New sway-eliminator and twice-as-rigid frame provide the riding smoothness you'd expect in this big car.

With a new steering design, there just isn't any trace of road shock at the wheel. More power and pick-up than you'll ever need... vibrationless Floating Power... easy clutch and gear shifting. You've never driven a car so easy to handle.

The new Plymouth Safety-Steel body is the sturdiest and quietest we have built. The 100% hydraulic brakes stop you quickly and safely. It's the safest low-priced car!

See... and drive... and ride in this beautiful new Plymouth.

Your Chrysler, Dodge or De Soto dealer will put a new Plymouth at your disposal, quick. (Ask about the official Chrysler Motors Commercial Credit Plan... payments to fit your budget.)

Daily Pattern for Home Use

BY ANNE ADAMS

MAKE ONE FOR HOSTESSING —ONE FOR KITCHEN DUTY— FROM SAME PATTERN

Here's an apron pattern which presents a variety of ideas, and they're as much fun as a game to work out and put together. Both smart styles are possible with pattern 2370, their differences lying in material, back treatment and trimming. "B" is a sheer, feminine thing in dimity or swiss, outlined with dainty ruffling, its non-slip straps crossing one another in back. It's every bit nice enough to wear when friends drop in for a cup of tea. "A" goes on "kitchen duty" early in the morning, and, in brightly flowered percale, finds bed-making and dish-washing no trouble at all. Gingham's equally nice.

Pattern 2370 is available in sizes small, medium and large. Small size apron A takes 1¼ yards 36 inch fabric; apron B takes 2¼ yards. Illustrated step-by-step sewing instructions included.

Send fifteen cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly name, address and style number. Be sure to state size.

Order your fall and winter edition of Anne Adams pattern book! You'll be thrilled with the smart designs it pictures—clothes for all occasions...for all your family. Adorable, easy-to-make Christmas gifts, too. And helpful advice on being the charming, perfectly-groomed woman. A book you'll love and consult frequently—all season! Price of book fifteen cents. Book and pattern together, twenty-five cents.

Address orders to The Marion Star, Pattern Department, 243 W. 17th St., New York, N. Y.

LOS ANGELES—Dogs, fish and food were cited against Mrs. Helen E. Comfort as Roland M. Comfort, a naval officer, sued her for divorce and the custody of their minor son. She lived with the boy, Comfort alleged, in two rooms in which 10 dogs and 50 bowls of fish were kept. She ate so immoderately, he further asserted that her weight increased from 140 to 220 pounds.

The storm had blown over

waters of the Pacific were glinting tossing foam-capped waves

The wind was chill so Anne closed the window She pawed through her bag for a robe and had donned it when Mina tapped at the door

Coffee" she announced coming in with a tray in her hand

"Thank you, Mina." Anne smiled at her then, pouring cold water into a china bowl, gasped as she rinsed her face in it She thought of Nonce and the warm bathroom thought of her again as she brushed her long hair honey brown in the sunlight

"Gee you'd be pretty if you cut this off and get you a permanent" offered Mina. "You'd never know yourself" and then she blushed I don't mean you're not pretty now but you'd look like oh like Joan Crawford maybe

Never knew myself repeated Anne hates an idea

She crawled back into bed and accepted the tray and as she sipped the hot black liquid Mina talked

We've got a name for you she began

A name for me questioned Anne and then she remembered What is it

Your name Mina said hugging her knees as she sat the other end of the bed is Nikki Neilsen Like it?

"Nikki Neilsen repeated Anne

Mom said he'd better if you had one to start off with Shes telling the rest of the kids that that's who you are and only Aunt Lutes will know the truth Aunt Lissa live here with us you know Shes pas sister

When he went back to the old country and forgot to come back she moved in here and she's been helping keep things going. You'll like her shes so cranky shes funny Shes book keeper down at the cannery your— she caught herself at the Farnsworth Cannerie she finished lamely

Nikki Neilsen She rather liked it it was so different from the other Perhaps she would bob her hair let it bleach out the way it would naturally Only Yvonne knew the trouble she took to keep it dark because Lucinda Farnsworth's hair had been dark Sunshine and wind turned it fawny gold

I'll cut it for you Mina offered Mom says you'd better not go down to town for a few days yet and we could get Violet Nokunnen to give you a permanent if you could afford it

Later Anne sat before a mirror a sheet draped around her shoulders Above her stood Mina lips pursed in a tight line as she lifted a sharp pair of barber's scissors

Clip clip Anne felt that her pur life was being cut from her Clip clip She felt a frantic desire to stay Mina's hand She was acting too hastily

You look better already declared Mina stepping back and surveying her I left it kind of long but the curl will take it up And if you'll let me fix your brows like mine—

Later that day after the obliging Violet had ministered to her Anne turned again to the mirror and stared in surprise An elfin face peered out from a mass of curls the straight black heavy brows had given away to thin half arches

She was pretty now as Shirley had been pretty but she had lost that distinctiveness which had set her apart from the average girl And she was glad A new face and a new name at this time meant more of a chance for peace

The children came in from school surveyed her decided she was all right and chatted with her half in English half in Finnish much to her bewilderment But she learned much of the household into which she had forced her way

There were signs of rigid economy explained by Mina in her frank manner Pa just up and left left ma with the house and all the kids and until we were old enough to help she had a pretty hard time Aunt Lissa's salary helps Both the big boys George and Orvi are boat pullers They'd like to have a boat of their own then Len could help when he's out of school In that way with me working in the cannery Mom could stay at home But," and she hunched her shoulders in a futile gesture we won't ever get enough to buy a boat and an outfit

Do they cost so much?" Anne remembered a little or what Luke had said that night in Lees library

Oh they could start on five hundred The cooperative cannery would let them start with that, then take the payments out of their haul!

Anne learns the worst, tomorrow, from the Portland papers.

Buckeyes Seek Second Big Ten Victory in Indiana

IOWA, ILLINOIS TILT HEADS CONFERENCE GAMES FOR SATURDAY

Minnesota Likely Favorite Over Northwestern; Chicago To Meet Wisconsin.

By The Associated Press

CHICAGO, Oct. 25—The Big Ten football title picture will start to produce definite form tomorrow in at least two of the four battles on the conference schedule.

The top game of the list, Iowa's Hawkeyes at Illinois, will account for the elimination of one ranking contender. Minnesota makes its first conference start against Northwestern's improving eleven at Minneapolis, while Ohio State seeks its second league triumph at the expense of Indiana on the Hoosier's playground.

Iowa did not rate as a contender before the season started, lining up rather with the darkhorses. But with Oze Simmons, star Negro back, regaining his old form, which played a big part in the Hawkeye's stock boosting triumph over Colgate, Ossie Solem's eleven moved up several notches. The Illini, with almost the same team that lost only one game last year, lost to Ohio University in an opening day upset, but quickly scrambled back into favor by trouncing Southern California.

The struggle at Champaign will mind Iowa's superior weight and running attack matched against Illinois small, but remarkably agile line and highly developed passing game, with neither possessing anything to make it the favorite.

Minnesota will be a likely favorite to overcome Northwestern's hard working outfit, but with Glenn Seidel, its captain and quarterback, out because of an injury, might be the victim of a big upset.

Indiana will be keyed up tighter than the main spring of a dollar watch for Ohio State, but does not figure to achieve anything so stunning as a victory over the big, bad Buckeyes.

The day is likely to turn up a profit for either Chicago or Wisconsin in the form of a first conference victory. The Maroons, playing at home and possessed of a more varied attack appear likely to cash in on the opportunity.

Purdue and Michigan, sharers of first place in the conference standing, will look after the intersectional business. The Boilermakers, undefeated and uncored on, should defeat Carnegie Tech at Lafayette, while Michigan, showing improvement weekly, probably will give Columbia a busy afternoon at New York.

STARS OF OHIO STATE STEAMROLLER

Two major reasons for the gridiron success of Ohio State university's 1935 football team, hailed as probable choice for the mythical national championship, are "Jumping" Joe Williams, sensational sophomore halfback from Isael, quarterback and stellar Barberton, O., and "Tippy" Dye, passer of the Buckeye team.

PRESIDENTS MAKING FINAL PREPARATIONS FOR GALION CONTEST

Game Will Be Part of Celebration Program; Band To Make Trip.

Harding High Presidents trek to Galion Saturday in search of a victory in the North Central Ohio conference. They are in ship-shape, except for two injured players.

Galloping through their practice session at the stadium last night, the Cramermen displayed plenty of zip and power. This morning at 9 o'clock they held a short practice drill on Central field.

Band To Parade

With the Presidents on their journey to Galion will be the Harding High band. The band will participate in a pre-game parade through the uptown section of Galion. The parade and game are to be a part of the three-day Mardi Gras.

Both the band and team will leave Marion shortly before noon, allowing plenty of time for the trip. The team is to make the journey in a coach chartered from the Arcodel lines. Coach Cramer is planning to take along 25 men.

School officials and scores of students are planning to follow the home team to the scene of battle. It is anticipated that a large delegation of fans will be on hand at Heise Park gridiron to cheer the Presidents, Galion being less than 25 miles from Marion. According to the present program the Presidents will not have another home game. Other road trips will include games at Ashland and Shelby.

Officials Selected

In a message received from Galion today, officials for the game were announced as Sam Tracy of Mansfield, Rodney Rose of Columbus and C. L. Spaid of Findlay.

The Bluestreaks anticipate a close game but they have high hopes of coming out victorious. Bob Corry's men are in good condition and have gone through their workouts this week in flashy style.

Advance dope on the probable starting line-ups is far from definite. It is almost certain, however, that three Harding varsity men will be on the sidelines at the opening whistle. Huntsman, left tackle, will be out because of the injury to his lip which he suffered in practice Wednesday night. It is doubtful whether Lewis and Evans will see much play in Saturday's game. Evans has been bothered considerably with an injured shoulder.

The outcome of Saturday's game is very important to both teams. It will almost decide whether they will hold a berth in the top or the bottom of the league. Both teams have split in two previous encounters with league opponents. Probable starting lineups are:

KENTUCKY HAS BIG BAND

By The Associated Press

LEXINGTON, Ky. — The University of Kentucky Wildcats are being cheered on by the largest band in the university's history. The band has more than 100 members.

GALION BOY GRID STAR AT OHIO U.

DON BURNISON, Galion grid star whose performances in the guard position at Ohio university have made him one of the mainstays of the team, is expected to take a prominent part in that school's clash with the University of Dayton Saturday at Athens.

Burison and several other first-line regulars have a larger-than-ordinary assignment Saturday because of injuries that will keep a number of players on the bench, news dispatches from the university state.

Among those nursing injuries that prevent them from playing is Maurice Whiteum, former Harding High school star who has given good account of himself in fullback position at Ohio university. Whiteum has two bones broken in his right hand, and is not expected to see action for at least another week.

Buck Weaver, Yaqui Joe To Wrestle Here Monday

Homecoming Program Planned for Veterans Who Will Meet Roy Allen and Tiger Moore.

Wrestling fans will be offered a "homecoming" program at the Shovel gym, Monday night. Buck Weaver, the great Hoosier, and Yaqui Joe of old Mexico are coming back to the local mat after a long absence. Weaver was here about this time last year when he won the Ohio middleweight championship tournament. The Indian wrestler has just returned from a tour of the west coast and Mexico, after an absence of nearly five years.

Weaver, who calls Terre Haute, Ind., his home is matched to meet Roy Allen, a wrestler well-known to Marion fans, in one of the two featured main bouts. Yaqui Joe will tangle with Tiger Moore, wrestler who has shown on Shovel cards recently.

Weaver and Allen will fight over the 90-minute route with the best two of three falls to win. The Hoosier specializes in what is called the flying drop kick. It was this particular specialty that enabled him to win the state championship from Leo Fishbaugh in the final round of the tournament match last November.

Allen of Alabama is considered a regular on the fight card here. He has been a consistent winner and fans enjoy his clean and fast method of wrestling. Allen also uses his feet for a good purpose. He specializes in what is known as the kangaroo kick.

The Yaqui Joe-Tiger Moore match should be clean and fast. Joe, weighing in at about 170 pounds, effectively displays the flying figure-four scissors hold. With grace, speed and skill the Indian can take care of himself in any company.

Tiger Moore of Benton, Ind., came here for the first time two weeks ago to win from the Canadian grappler, Nick Mercurio, in a preliminary bout. Returning here last week he won two out of three falls from the veteran Speedy LaRance. The second bout will be over the same limit with the best two of three to win.

The usual curtain-raising preliminary of 20-minute duration will begin at 8:30.

Former Mayor of Marion Played in Early Grid Game

A former Marion mayor, the late Don E. J. Brockett, is one of the players listed in an article in yesterday's issue of the Cleveland Plain Dealer as having taken part in a football game—one of Cleveland's earliest grid encounters—45 years ago.

Mr. Brockett came to Marion and engaged in the manufacturing business, later serving as mayor of the city.

The game in which he took part was between University School and Central High, Clevelands' two oldest secondary schools, with Brockett appearing in the roster of the Central school.

Players ignored the superficial rules of 1890—there weren't many—and made their runs and tackles as best they could. They plunged into their plays without the protection modern players have in the form of head guards, hip pads, thigh pads and shoulder pads, the article stated.

University school won the game, 26 to 0.

WHEN I'M SORRY FOR MEN

Men have the best of it, in most things in this life. They don't have to count the laundry, plan the meals or get the children off to school. They don't even have to worry about getting married. It just happens to them.

And yet, there are times when I feel sorry for them. They are always running their heads into a noose. Getting into "spots," falling in love with the wrong woman, or innocently and unconsciously bumping into trouble, one way or another.

* * *

I feel sorry for men:

When I see a man who has made a brilliant reputation or a startling success, being subjected to all sorts of unflattering publicity and held up to ridicule by some little gold-digger who suddenly recollects that he "broke her heart" four years ago, and decides to sue for "balm."

When I see a worth-while, ambitious young man deliberately pass up a sincere, clear-eyed, home-loving girl who would make him a devoted, intelligent wife, and marry some fluffy, self-centered, hard-boiled, little nit-wit who will bore him to death, worry him to death or work him to death.

When some jealous woman shoots a man, and her lawyer proceeds to tear his reputation to tatters, no matter how blameless he may have been.

When I see a man who has spent his life in building up a fortune or a professional success, turn foolish or go blah in his Indian Summer and make himself ridiculous over some woman less than half his age.

When I see a man keeping his nose to the grindstone, early and late, in order to supply luxuries to some dumb-bell or some ungrateful family, who think he "owes it to them."

When I come across a man who has to get up early and make his own coffee and burn his own toast while his wife lies in bed until noon so that she will be fresh for the afternoon bridge game.

When I see a foolish young man marry a rich or successful woman, whom he doesn't love, with the silly idea that he is getting something for nothing. And that his life will be a bed-of-roses.

When I read of men jumping out of windows because they have lost their fortunes and can't make enough money to satisfy the "Little Woman."

Oh yes, there are lots of times when I feel sorry for men. But mostly when they have made fools of themselves by getting tangled up with the wrong woman. That is the average man's greatest failing!

Second Season for New Civic Orchestra Planned

Plans for launching activities for sponsoring the Marion Civic orchestra's second musical season took form yesterday afternoon when members of the Woman's Symphony board met for their first meeting of the new year at the Marion City library

Joining with the orchestra and board in promoting the season's program this year is the Marion Chamber of Commerce with members of the civic committee of the organization taking an active part in launching the sale of season tickets Representing the chamber committee yesterday was P T Lewis chairman who with Dr Herold K Mouser will constitute a committee to contact guarantors and patrons for the concert

Encouraged by the enthusiastic interest taken in the initial series last year the orchestra and sponsors feel that the Marion Civic orchestra has become an established organization in the city's civic program and will place it in the foremost ranks of cities sponsoring a little symphony group It was brought out in meeting at which Mrs Harold K Mouser president, presided

Sharing in the launching of this years activities is Dr Carl W Sawyer Following up his suggestion made at the closing concert of last years series in May in which he proposed the establishing of patron patroness or a season ticket list Dr Sawyer personally sponsored a mail campaign in the interest of guaranteeing the three concerts this year These individuals will be among those contacted by Mr Lewis and Dr Mouser in their program of procuring guarantors and patrons for the series, it is planned

Members of the board will enlarge their activities by raising the membership quota to 50 at an early date They also will take part in a ticket selling campaign for the course of three concerts and will sponsor a style show at the Palace theater as a benefit.

Members of the board in attendance at yesterdays meeting were optimistic and enthusiastic in their prediction of a successful season for the orchestra this year We were in more or less of an experimental stage last year Mrs Mouser said in discussing the orchestra season but this year with the cooperation of civic groups and enthusiastic music lovers of Marion and vicinity the series has every promise of success" she continued

Abram Ruvinsky of Columbus under whose able direction the orchestra scored such high success last year will direct the organization again this year and rehearsals are already under way for the first concert scheduled for early in December
